

LEGAL AID CAMP CONDUCTED ON 4TH AUGUST 2019

The Legal Aid and Awareness Committee (LAAC) organised a Legal Aid Camp at the Vaidik Kanya Senior Secondary School, Bagar Chowk, Jodhpur on 4th August, 2019 for the inhabitants of Kalal Colony near the Nagori gate area. The residents were informed about the organisation of this camp one day prior when several members of the Committee went to visit the area to educate the people about the same. This activity was undertaken in order to provide advice and legal assistance to the underprivileged section of the society who cannot afford the same. The Committee has organised such camps in the past as well in different areas of Jodhpur.

We heard legal problems shared by the people, noted down their details and prescribed the next course of action. We informed them about the law in place. If required we put them in touch with a lawyer who can help them. After analysing if there is no legal claim in the matter, we inform about the same. Such projects are undertaken to protect the community from misgivings of the law and make people aware of the legal remedies available.

During the course of this camp, the Committee got an overwhelming response from the people. These pertained to various issues such as restitution of conjugal rights, scholarship policy in private schools, medical negligence, domestic violence and divorce amongst others.
